## Rules and Conditions of Use

- The BOAT LAUNCH decal must be affixed to the PORTSIDE of the boat TRAILER.
- Any individual with pass not affixed to a vehicle or trailer will be required to affix it to the vehicle at that time or pay the daily admission rate.
- Pass entitles unlimited use of a facility for the permitted vehicle only (with the exception of special events.)
- Pass will not be accepted for admission if the decal has been altered in any way.
- The Pass is NOT TRANSFERABLE and NON-REFUNDABLE.
- The pass is valid for one season; **there is no discount if the Pass is purchased in later months.**
- Onondaga Lake Park Marina users: A controlled access gate is at the bottom of Vine Street, just before the Onondaga Lake Park Marina parking lot. This gate is operated by a Pay Station or Key Pad. From April 15 - October 31, please enter your 5-digit PIN number plus #, to raise the gate. Your unique 5-digit PIN number is on the Season Launch sticker issued to you. Use of your unique PIN number is monitored. Sharing of PIN numbers will result in loss of current and future launch privileges. No refund will be issued.
- Onondaga Lake Park Marina users: The Onondaga Lake Park Marina launch is officially closed from November 1 - April 14. The Marina parking lot and launch is NOT plowed. However, as the Vine Street Gate must remain 'on', cash is still accepted at the pay station, and use of the launch between these dates is at your own risk. Onondaga Lake Park makes no guarantee that the launch is usable between these dates. Check launch conditions before submitting your payment at pay station.
- The Pass may not be used by operators of taxis, trucks, buses, or other vehicles hired to transport people to parks. Non-profit agency buses may utilize the pass.
- Replacement decals for sold, stolen, destroyed or damaged vehicles will be issued only upon the owner's submitting all three of the following items to the Parks Department:
  1. A letter explaining the circumstances of the loss which includes the make, model, year, and license number of the vehicle on which the replacement decal will be used.
  2. Proof of loss, sale, or damage acceptable to the Office, such as police report, insurance report, repair invoice, DMV report, bill of sale, etc.
  3. The decal, or its fragments or scraping, wherever possible, but always for vehicle that has been sold.

*Prices & Information as of 3/2022 • Subject to change*
